ABOUT ME

Coming from a background in the service industry, I have adapted to become an energetic problem solver and thoughtful communicator. I enjoy the challenge of fast paced difficult work updating and inventing new systems. I try to incorporate these characteristics in my everyday life as well: to adapt to the challenges life brings, to be curious & passionate in every aspect of life, to continuously learn.

EDUCATION

Epicodus Software School | Jan 2021- June 2022

Intensive full-time, six months software development bootcamp focusing on C#, React, development fundamentals and problem solving.

- Daily pair programming
- Source code/version control with Git/GitHub
- Solution Design: white-boarding and wireframes
- Created RESTful Web applications with C#'s .NET framework

Portland Community College | June 2021 - Sept 2021

Enrolled for the summer term in preparation for the fast paced learning at a tech bootcamp.

- Computer Information Systems
- Communications courses

Animal Shelter API

- An API that utilizes RESTful principles, version control, Cross-Origin Resource Sharing, and Swagger.
- Github repository:
[repository:https://github.com/lionturtle99/AnimalShelterApi.Solution](https://github.com/lionturtle99/AnimalShelterApi.Solution)

Hogwarts

Fan based recreation of the Harry Potter world.

- MVC team project demonstrating proficiency in C#'s .NET framework
- Integrated image mapping to navigate between pages
- Tech stack that incorporated AJAX and .NET's Identity/Entity frameworks.
- Github repository:
<https://github.com/lionturtle99/Hogwarts>

PROFESSIONAL EXPERIENCE

Busser/Barista

Mucca Osteria | May 2017 - March 2020

- Provided comprehensive support to a small team in a 5-star environment. Working well under pressure while communicating effectively and juggling multiple tasks was a requirement at Mucca.
- Maintained high standards of customer service during high-volume, fast-paced operations.
- Resolved complaints promptly and professionally
- Built loyal clientele through friendly interactions and consistent appreciations.
